

INCLUSION POLICY

2025-2026

Aim

Provide a supportive learning environment for Students of Determination (SoD) at Manipal Academy of Higher Education, Dubai Campus (MAHE).

The Manipal Academy of High Education promotes Equity in education wherein each child is provided an opportunity to be successful at the university. Students of Determination (SoD) are Integrated into the classrooms providing reasonable accommodations, and available assistive technologies to help achieve academic potential along with opportunities to develop healthy relationships with the MAHE community of faculty, staff and students.

Campus services are accessibility-friendly, with features such as ramps, elevators, and accessible washrooms. MAHE seeks to identify and understand the unique challenges experienced by SoDs and adjust to reduce barriers to academic, social and emotional learning.

MAHE seeks to understand the needs of SoDs by identifying them either at the time of admission through an interview with parents/ caregivers or during the tenure of their program through discussions with the referee (please see end of document for referral procedure)

1. The support for the SoD is determined based on the medical and/or psycho-educational information obtained from the parents / guardian during enrolment.
2. The faculty ensures that students understand the learning objectives and how the assessment will measure their progress towards those objectives, and where possible use multiple measures.
3. They measure both independent and group assignments and provide frequent targeted feedback.
4. Collaborative student arrangements such as peer tutoring, co-operative group work, buddying, extended deadlines for assignments, extended time on tests/examinations and students providing feedback to teachers on the effectiveness of teaching also fosters an effective inclusive education.
5. SoD students are also provided with support and encouragement to adjust to their surroundings and maintain good relations with their peers. MAHE strives to foster an environment where all the learners respect each other at the Campus and tolerate the differences in socio-economic, cultural background and their learning ability.
6. Social acceptance among peers encourages SoD students to thrive in a safe and secure learning environment.

Key Legislations and Guidance

This policy is currently based on the UAE Disability Act, Federal Law (29) 2006 and 2009, which guarantees a Person of Determination access to equal opportunities of education within all educational institutions.

- Dubai Law No. (2) 2014 ‘to protect the rights of People of Determination in the Emirate of Dubai’.

Definitions

Disability - A social condition that occurs when an individual with an impairment experiences attitudinal, social and environmental barriers that prevent full and effective participation within a community. Thus, a disability is the result of an individual’s interaction with society and is not an attribute of the person. (Dubai Inclusive Education Policy, 2017)

A disability is a ‘physical, neurological, or mental impairment which has a substantial and long-term adverse effect on a person’s ability to carry out normal day-to-day activities.

The definition of ‘day to day activities’ includes mobility, manual dexterity, lifting, hearing, eyesight, speech, memory, and the ability to concentrate, learn or understand.

Impairment - A medically identified condition or long-term limitation of a person’s physical, mental cognitive, communicative or sensory function. Impairment and disability are not the same thing. Impairments can become disabilities if barriers to participation for people with impairments are not removed. (Dubai Inclusive Education Policy, 2017)

Accommodation - Accommodation occurs when rectifying a disability to ensure that a person with an impairment is treated equitably.

The UAE Federal Law 29 (2006) defines discrimination as any segregation, exclusion or restriction due to special needs leading to the damage or denial of recognition of any rights granted by the prevailing legislation in the country or enjoyment on an equal footing.

For Students of Determination, MAHE Dubai:

1. Adapts infrastructure and modifies classrooms.
2. Accommodates needs during assessment and learning including facilities in classrooms (seating, and wheelchair access).
3. Examination Accommodation: Additional time for assessments, Assignments/Projects and Scribe.
4. Special exam location to provide quiet environment
5. Provides counseling sessions when required for socio-emotional needs.
6. Trains peers and teachers for adequate support
7. Ensures immediate action to eliminate any reported discrimination in campus as according to the Discipline Policy / Student Code of Conduct
7. Trains students for smooth transition after graduation to the work environment.

Admission Process for Students of Determination

1. Initial Identification: During the admission process, if a student appears to have SEND needs, they are flagged by the Admissions counsellor.
2. Tracking and Referral: The student is added to the Conditional Offers Tracking List’ and referred to the Office of Student Affairs for further evaluation.
3. Inclusion Assessment: A representative from the Office of Student Affairs meets the student to assess support needs and outlines any required documentation from the parent as noted in the tracking list.
4. Communication and Coordination: Office of Student Affairs updates the checklist and notifies Admissions of required next steps. The complete file is returned to Admissions for processing.
5. Conditional Offer: Admissions email the parent with a conditional offer, listing all required documents (including those requested by Student Affairs).

6. Document Submission: Once Admissions receives all required paperwork, they inform the Office of Student Affairs.
 7. Final Review: Office of student affairs reviews and confirms the paperwork. Upon their approval, and in coordination with Academic President, a final confirmed offer is sent, and the student is enrolled.
- If a student is identified as Student of Determination after admission, Faculty/Office of student affairs will notify Admissions to update the student's records accordingly.

Roles and Responsibilities

- Working with the Head of Student Affairs to review each student's progress and development and decide on any changes to provision.
- Ensuring they follow this Inclusion Policy.

Student of Determination

- To access provisions as per their specific learning barriers and challenges, SoD's will communicate with Head of Student Affairs to evaluate and register before the commencement of the academic year/respective semesters.
- Evaluate the level of support needed and the accommodation required with Program coordinators and Deputy registrar.
- Students must submit all medical and psychological educational assessments documents with recommendations to the Head of Student Affairs.
- A copy to be shared with Counselor for mental and emotional health support.
- A copy of the recommendations and accommodations to be provided to the student's program coordinator and faculty.
- The SOD list and documents are maintained in the Office of Student Affairs and the Counselor can have access to students' files.
- SOD can also book appointments with the counsellor and therapist from Mind Weavers at the MAHE Wellness Hub.

Confidentiality

All students' medical and psychological records are kept confidential in the Office of Student Affairs and are accessed only on a need-to-know basis.

Maintain Privacy of Accommodations Requests, Arranging accommodations without revealing student identities to faculty or staff, when possible, will protect student confidentiality and avoid unnecessary discomfort. When faculty or staff are involved in implementing accommodation, the school administration should confirm with students how they would like to be involved in communications with faculty.

Enabling SOD to engage in activities available in the campus

- We are committed to ensuring that all students, regardless of individual needs, have equal access to the full range of campus life experiences. This includes participation in extra-curricular activities, campus events, educational tours, and membership in student clubs.
- Students are actively encouraged to take part in residential trips, with appropriate support measures implemented to accommodate their specific needs.
- Inclusive participation is also promoted in activities such as sports events, cultural performances, and specialized workshops, ensuring that every student can engage and contribute meaningfully.
